

COVID-19 SELF-ASSESSMENT

DO YOU CURRENTLY HAVE ANY OF THE EMERGENCY WARNING SIGNS?

- Extreme difficulty breathing or shortness of breath
- Signs of low oxygen (e.g. abnormally bluish, gray or white lips or face)

- Severe pain or pressure in the chest
- Signs of low blood pressure (e.g. too weak to stand, severe lightheadedness or dizziness)

NO

YES

HAVE YOU BEEN EXPOSED TO COVID-19?

- Been in close contact of someone who has tested positive for COVID-19 within the last 14 days

SEEK EMERGENCY CARE

YES

QUARANTINE AND GET TESTED IF YOU FEEL SICK

NO

ARE YOU EXPERIENCING COVID-19 SYMPTOMS?

- Fever (temperature equal to or greater than 100.4)
- Recent decrease or loss in sense of smell or taste
- Chills (uncontrollable body shaking)
- Cough that is new or worsening

YES

Isolate and get tested if you haven't already, and make sure to report a positive COVID-19 test at dawgcheck.uga.edu.

If your recent COVID-19 test was **negative**, isolate until you have consulted with your health care provider.

NO

ARE YOU EXPERIENCING VIRAL SYMPTOMS?

- New muscle aches not related to another medical condition, specific activity or other known cause (e.g. due to physical exercise)
- New sore throat not related to another medical condition or known cause (e.g. allergies)
- New onset of vomiting or diarrhea not related to another medical condition or known cause
- New onset of severe fatigue not related to another medical condition or known cause

YES

NO

If you have **no** exposure and **no** symptoms, **you may come to campus**. Be sure to wear a face covering when in public, practice social distancing and practice good hygiene.
